

## [Errata]

This Conference Series was originally published with a lack of papers written by (K. Seki, T. Nishi, S. Tanaka, K. Komatsu, T. Ikame, H. Ishii, and K. Kanai) and (N. Kajimoto, T. Manaka, and M. Iwamoto) due to e-mail troubles. The two papers appear in the online edition only. The Organizing Committee of the Symposium apologizes the authors, all attendants and readers for this error.
